

**Please use the template below to create your design.**

**Please use your imagination but do reference the mood boards and colour palettes provided!**

**Does your creature look more human? Does it have a face? Or maybe it sees and hears in different ways? Does it have scales, fur or smooth skin? Remember... we don't know what's out there!**

### **Practical details:**

**The boards will be made of marine ply and unless specified not to, given a white base coat. This will be done by people with learning disabilities in our woodwork workshop.**

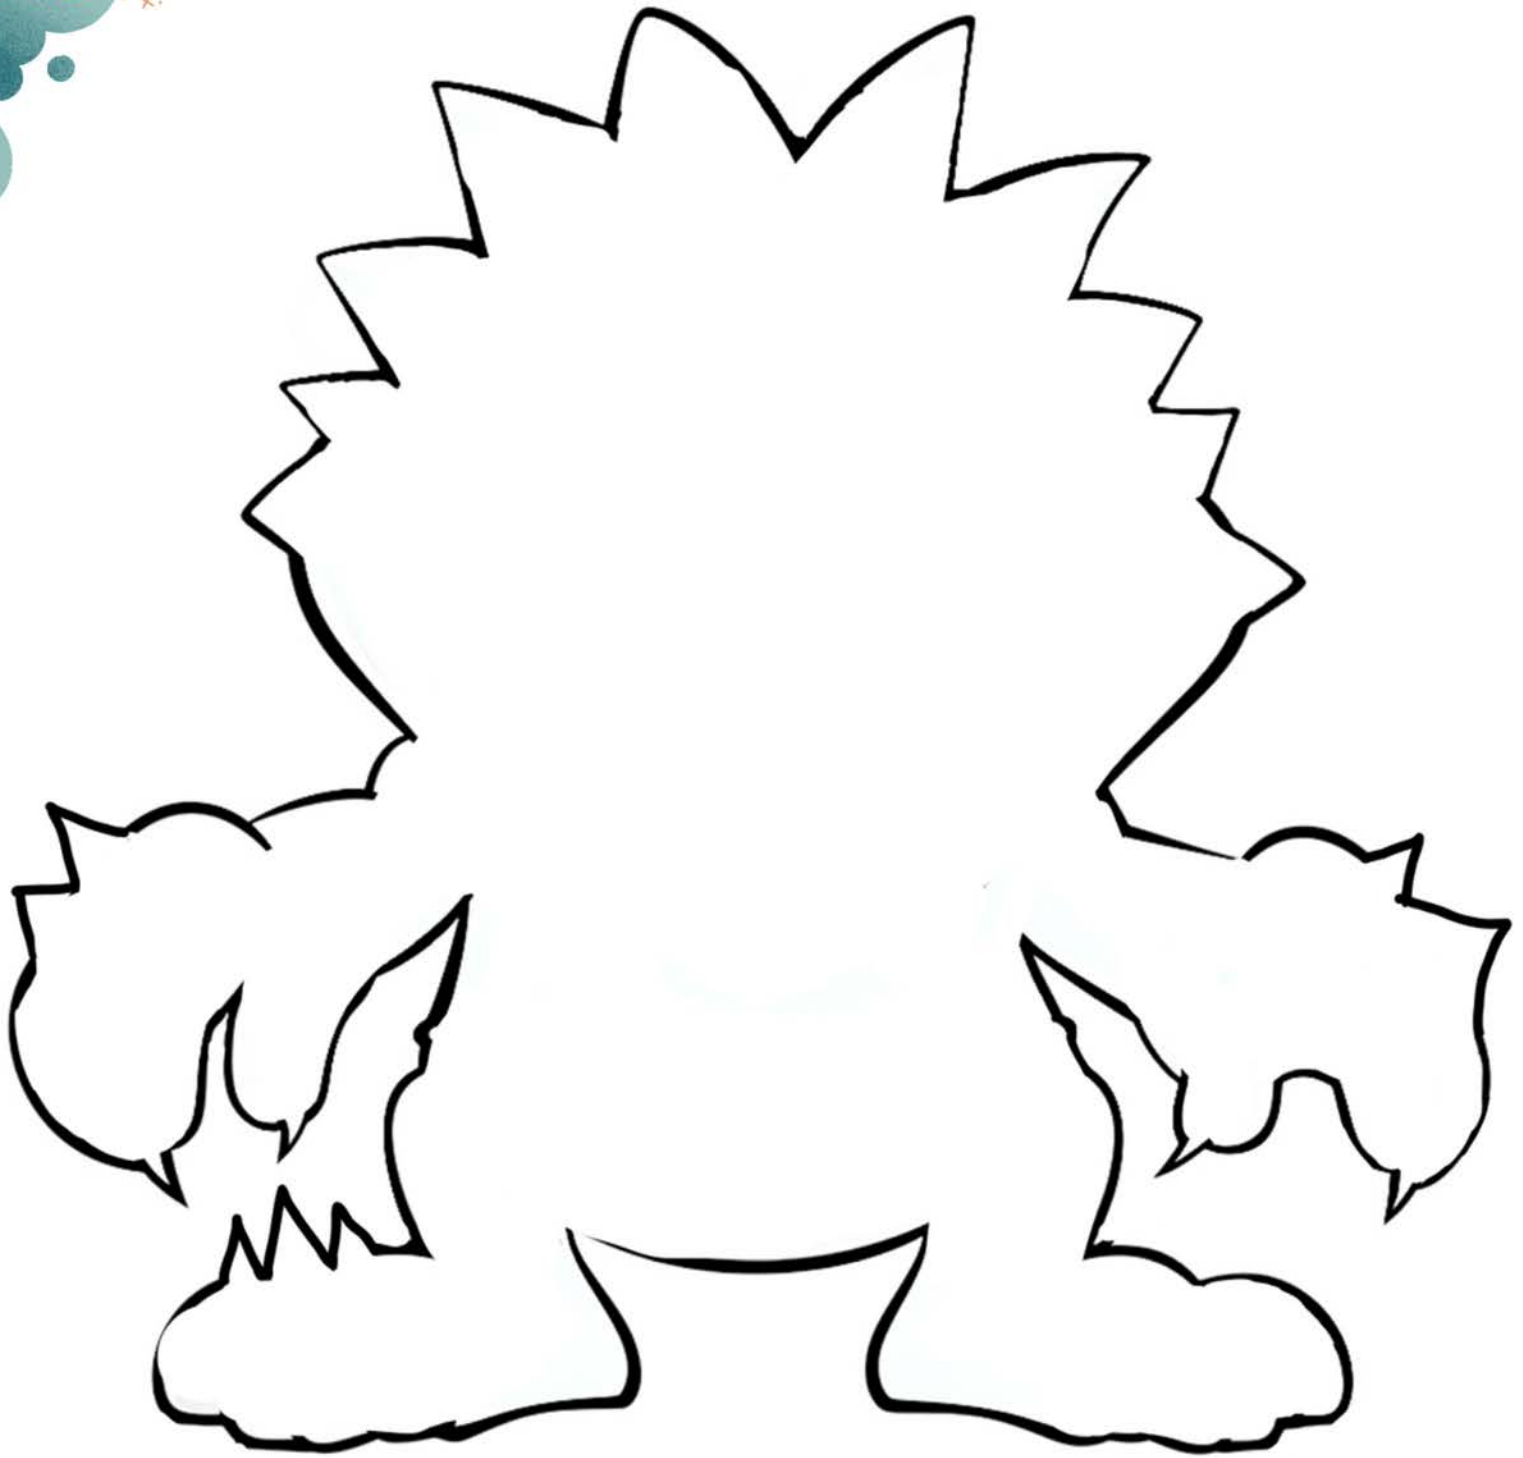

**The boards only need to be decorated on one side; they will be attached to a stake and displayed around the garden.**

**You will need to thoroughly weather seal your creation.**

### **Mixed Media:**

**Please specify what materials you may be using in your design. You can do this on your template or in the form.**

Design title: \_\_\_\_\_

Artist name: \_\_\_\_\_

Please note, this will not be the shape  
creature you will receive.

This is just for you to show your style.

**Design title:** \_\_\_\_\_

Use this blank page to create your own creature. We will still provide the final shape.

**Artist name:** \_\_\_\_\_

This is just for you to show your style.
